

Herbal Ignite Australia

English combining form suffix or prefix meaning a part or part of, as in anatomy, or a part of a whole, as in linguistics. The prefix is derived from the Latin word *ab*, meaning "away from" or "from," and the suffix is derived from the Latin word *dominus*, meaning "lord" or "master." The prefix is used to form words that mean "away from" or "from," and the suffix is used to form words that mean "part of" or "part of a whole." The prefix is used in words like *abdomen* and *abdomino*, and the suffix is used in words like *abdominal* and *abdominally*.
